NEPOS Antiplex

+ NEPOS Antiplex Solid = full color squares

combine two layers 3:1- scale for maximum effect

overprinting adds an additional effect to your design

Overprint is a feature of professional applications.

CHOOSING a scale OF 1:1 results in a rougher appearance

Note: Best results with two to four colors.

With Nepos Build fonts you can create
an unlimited number of your own patterns.

Just open the Glyphs-palette and combine
the desired tiles by clicking.

All parts are available in negative and positive.

Note: You may also use less colors than this.

With the patternmaker you can create an unlimited number of your own patterns or add special signs.

Just open the Glyphs-palette and combine the desired tiles by clicking.

Note: To get a perfect match of the raster lines between the pre composed typefaces and the build fonts use a tracking of -1 em for build fonts.
